

# MEXICO GOSPEL MEETING REPORT

Wayne Brewer was invited a few weeks ago by the brethren at the Mirador congregation in Piedras Negras, Coahuila, Mexico come and preach a Gospel Meeting in that city of 300,000.

Sometime in late 2001 the Hernandez family moved from Piedras Negras, Coahuila, Mexico to the United States. At that time they were not Christians and did not know of the church of Christ. Two years later Julian and Maria became Christians and a part of the Spanish congregation meeting at Mabelvale, Arkansas, and later one of their sons, Atzin was baptized in 2004. In July of 2005 they decided to return to their hometown of Piedras Negras and try to establish a congregation of the Lord's church.

Julian learned that Felipe Garcia and his family, members of the church, were meeting at their home and began to meet with them. They have had some baptisms and now there is a small congregation of 15 in attendance meeting in the Mirador Colonia of Piedras Negras. One of the members, Felipe Garza, who has a carpentry business has taken part of his work building and made a small auditorium where the brethren can meet.

It was a pleasure to work with the Hernandez family because of their being at Mabelvale. Julian is working hard by visiting and inviting people to worship, holding Bible studies in the evenings and preaching on Sunday, and recently they have had three baptisms. In addition to that he is working 8 hours a day at a store making \$5.50 per day. His wife, Maria, makes almost \$10 per day at her job. They are doing all that they can, but they are in desperate need of some financial support. Brother Felipe Garza told me that some food is actually less expensive in the USA than in Mexico.
